**Dear visitors,**

Bretons welcome you at the 4<sup>th</sup> Rights of Man World Forum, here, in Nantes, a Breton city since 851 AD.

In 1941, during the German occupation of World War II, the "French State", collaborating with the nazi regime, separated the Loire-Atlantique 'departement' (and Nantes) from Brittany and its re-incorporation never occurred since that time.

The worst of it was the creation of a new region called 'Pays de la Loire', without its inhabitants being democratically questioned about it.

Nantes and the Loire-Atlantique 'departement' is fully included in that fictitious region which continuously try to motivate its existence by mere propaganda in France, Europe and China as well ! Thus, Breton roots and culture are gradually disappearing from the consciousness of its inhabitants.

Nantes University had to suppress Breton language from its degree course, the French local TV had to give up its Breton broadcasting, a private TV Channel, called 'TV-Breizh', had to cease its Breton programmes, a false new identity is being imposed in schools and no Breton History is taught or even mentioned in regular school books.

Therefore, Bretons and all democrats firmly refuse the so-called 'Pays de la Loire' region to be one of the organizers of the Rights of Man Forum and require its withdrawal from the Forum.

Dear visitors, you are completely involved in the respect of Democracy and interested in the Rights of Man: that is why we should strongly like you to put in the debate the two crucial following questions:

1. Support our fight to save our Breton cultural and linguistic rights.
2. Support our request in order to obtain the re-incorporation of Nantes and the Loire-Atlantique 'departement' in Brittany, through the French administrative institutions.

*Thanks to all of you.*
